------------	------	--------	---------------	------	---	--	---	---	---	--	---	---	--	--	------------------------------------	--------------

The best four competitions are counted.

If athletes have the same amount of points (tie) then the higher number of best point races counts. Next criterion is the amount of completed competitions (higher prior to lower). Should then be the same score of points the lot decides.

Persons where in the total valuation is a ?, is present no year of birth, so that a valuation was not possible in the age groups.

For international championship races the points are enhanced by 20 points for each place. Athletes that have finished more than 4 World Cup races in season, get bouns points. There are 10 bonus points per extra race

------------	------	--------	---------------	------	---	--	---	---	---	--	---	--	--	--	------------------------------------	--------------

The best four competitions are counted.

If athletes have the same amount of points (tie) then the higher number of best point races counts. Next criterion is the amount of completed competitions (higher prior to lower). Should then be the same score of points the lot decides.

Persons where in the total valuation is a ?, is present no year of birth, so that a valuation was not possible in the age groups.

For international championship races the points are enhanced by 20 points for each place. Athletes that have finished more than 4 World Cup races in season, get bouns points. There are 10 bonus points per extra race
